Page awarded 21st Century Fund scholarship

Brookline High School senior **Scott Page** received the 21st Century Fund Scholarship at the 19th Annual BHS Scholarship Breakfast on June 7.

Page was awarded \$1,000 for his active participation in political discourse at the school.

"Scott is a very thoughtful and bright young man with a sincere dedication to national, state and local political arenas," said BHS social studies teacher J. Malcolm Cawthorne. "He has worked on numerous campaigns of national and local politicians. He is a true follower and student of local politics and argues his stances, as well as others, meticulously."

The scholarship sponsored by the 21st Century Fund was made possible this year through the fund's Political Literacy Program by a special endowment from alumnus George Weiss, '61, who donated funds specifically to foster debate at BHS in honor of his former BHS debate teacher Wendell Weeks.
